An Advance Offering of Henderson's Flowering Bulbs

FOR FALL PLANTING

MAY WE BOOK YOUR ORDER BEFORE JULY 15th

SO THAT WE MAY IMPORT YOUR BULBS WITH OURS—FOR DELIVERY NEXT FALL?

We quote exceptionally inviting prices in this catalogue. After July 15th we will not be bound by these rates.

On all Orders for Bulbs Selected from this Catalogue Received by us up to July 15th, 1935, for Fall Delivery, We will pay the Transportation Charges to all Points East of the Mississippi River.

Bulbs are practically all grown in Holland and as we are large importers we get the pick and import only "firsts", although great quantities known as "seconds" are on the market, and are often sold by local dealers. Having been engaged in the bulb importing business for three-quarters of a century, we know intimately all the best growers of the different varieties in Holland; some excel in growing one kind, and some in another, so that we are in a position to get the best qualities of All Varieties.

To obtain the best we advise you to order bulbs as soon as you receive this catalogue. Of course such orders being specially imported for you with our own order, will not be subject to cancellation. Bulbs and roots mature and ripen at different periods during the late summer and autumn, and shipment will be made as follows in the absence of contrary instructions.

Our August shipment includes Liliium Harrisi, Freesias, Roman and French Hyacinths, Paper White Narcissus and Callas. Our September and October Main Shipment includes the general line of bulbs, such as Hyacinths, Tulips, Narcissus, Crocus, Iris, Primies, Snowdrops, Scillas, etc. Our November shipment includes Lily of the Valley, Hardy Lilies, etc.

"Henderson’s Bulb Culture" 68 pages, size 7½ x 9½ inches. 32 pages of illustrations. Price, postpaid, 75 cents. We also send it free with orders for bulbs amounting to three dollars or over if requested.

BUSINESS RULES, ETC.

TRANSPORTATION—All Vegetable Seeds, Flower Seeds, Grass Seeds and Bulbs offered in this catalogue will be delivered—at the prices listed, transportation paid in the U. S. and Possessions. In making this Free Delivery offer we reserve the right to ship goods either by Parcel Post, Express or Freight.

ACCOUNTS—Parties having no account with us—who order goods without remittance—must furnish satisfactory references. New York City reference preferred on account of the shorter delay pending investigation.

REMITTANCES may be made by Express Money Order, P. O. Money Order or Bank Draft; if bills or silver send in a Registered Letter, otherwise it is at sender’s risk. We must decline sending goods C. O. D. unless 25% of their value accompanies the order.

NOTE—If cash or stamps are sent by mail REGISTER THE LETTER otherwise it travels at owner’s risk. Letters are frequently lost in transit. Send 2c stamps only.

WE DO NOT SUPPLY DEALERS, therefore our Bulbs, Seeds, etc., can only be procured by sending orders direct to us.

ALL GARDENERS OF EXPERIENCE know that success depends largely on weather conditions and proper cultivation, so in accordance with the universal custom of the trade Peter Henderson & Co. gives no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any Seeds, Bulbs, Plants or Roots they send out, and they will not be in any way responsible for the crop.

THE NEW BULB PLANTER

IT MAKES PLANTING EASY!

This handy tool makes the type of hole best suited to bulbs. They do best when planted with the root end resting on a firm, flat base, free from air pockets. It is equally useful for setting out small plants. Merely push the tool into the soil with a slight twist. Continue this motion as you remove the tool and the soil comes with it, leaving a clean flat-bottomed hole. This soil is pushed out when the operation is repeated.

Price, 30c, transportation paid.

Henderson’s Giant Darwin Tulips—the Aristocrats of Tulipdom

A GRAND DISPLAY OF DARWIN TULIPS—The Bulbs Were Supplied by Peter Henderson & Co.

SPECIAL—Don’t Miss This Unusual Offer

If you send us your order before July 15th, we will deliver at the proper time for planting in the fall, transportation paid, 100 LONG STEMMED MIXED DARWIN TULIPS FOR $4.00. This collection is made up specially from the finest varieties.
Henderson's Giant Darwin Tulips—General List

Darwin Tulips are exceedingly effective when grown in groups of a dozen or more bulbs of one variety in the garden or herbaceous border with a background of greenery. As they are unsurpassable, they can be successfully flowered in pots or pans in the house in winter if grown cool and not forced into bloom before March. The varieties marked * are especially good for that purpose.

To aid in making selections of varieties for continuity of bloom, etc., we have indicated their relative time of flowering by the letters E, F, G, H and I. The E's being the earliest to bloom. The height is also given, but may vary. The bulbs should be spaced about 5 inches apart and base of the bulbs should be 5 to 6 inches deep on heavy soils and 6 to 7 inches deep on light soils.

THE BORDER COLLECTION OF GIANT DARWIN TULIPS—Illustrated on Front Cover. The varieties are named from the foreground up.

Prices of Collections

We will supply individual bulbs of any sort described above at one-tenth of the dozen price. 6 Bulbs of a variety sold at the dozen rate, 25 at the hundred rate.
COTTAGE TULIPS

Cottage Tulips are so-called because found growing in the old cottage gardens of England, Scotland, Ireland and France where they had been established for 50 years or more. All are very beautiful, presenting a great variety in form and coloring, and having none of the stiffness of other tulips. For cutting they are greatly prized on account of their long stems and graceful habit. They are specially adapted for hardy flower borders, where they should be planted in large clumps and masses. To aid in making selections for continuity of bloom, etc., the relative time of flowering is indicated by the letters E, F, G, H and I. Those marked E being the earliest. Those marked I are the latest to bloom. The normal height is also given in inches. In planting the bulbs should be placed 3 inches apart and the bottom of the bulb should be 6 to 7 inches below the surface in light soils and 5 to 6 inches deep in heavy soils. If planted too shallow some may come blind. The varieties marked * are especially good for winter flowering and forcing.

We can supply individual bulbs of any of the sorts described above at one-tenth of the dozen price.

Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate

---

**NOTES:**

- Prices are for individual bulbs, not for quantities.
- Prices are subject to change and may vary by location.
- Some varieties are marked with an asterisk (*) indicating they are especially good for winter flowering and forcing.
- Varieties such as "Beautiful" are noted for their color and form, with "Per" indicating the price per dozen or 100 bulbs.
- The table includes a range of colors and forms, from red to yellow, and from single to double petals.
- Additional notes regarding the varieties' characteristics and uses are provided throughout the text, such as "long-stemmed" and "for cutting."
PARROT OR DRAGON TULIPS

Fantasy. This recent product of the tulip breeder's art originated as a sport from Clara Burt, the well known Darwin tulip. Clara Burt is esteemed for its beautiful salmon pink color; and this sport Fantasy has inherited the same glorious color except that the inside of the flower is more intense in color; the height is 20 inches. Each petal besides being elaborately laminated is marked very distinctly in the center with a streak of apple green. This variety is also suitable for growing in pots or pans of soil in the window, attracting great attention wherever exhibited. (See colored Male, front page of colors.)

Price: 12c each; $1.35 per doz.; $10.00 per 100.

PRICES OF NAMED SORTS MENTIONED BELOW.

75c per doz.; $5.50 per 100.
Admiral of Constantinople. Red tipped orange.
Lutea Major. Bright yellow.
Monstre Cramoise. Deep crimson, black center.
Perfecta. Yellow striped red.
Markgraf von Baden. Yellow, scarlet and green.

CHOICE MIXED VARIETIES. 70c per doz.; $5.00 per 100; $45.00 per 1000.

OLD DUTCH BREEDER TULIPS

The vogue for this glorious type of the large late May flowering tulip is gaining great impetus through the introduction of many of the exquisite new varieties described in the list below. To aid in making selection of varieties for continuity of bloom, etc., we have indicated their relative time of flowering by the letters E, F, G, H and I. The E's being the earliest to bloom. The varieties marked * are especially good for winter flowering and forcing. The height is also given but may vary. The bulbs should be spaced about 5 inches apart and base of the bulbs should be 5 to 6 in. deep on heavy soils and 6 to 7 inches deep on light soils. (See Illustration)

REMBRANDT TULIPS

These late or May flowering garden tulips form a new class of stately beauty. They are in reality Darwin tulips which have "broken" into permanent variegations—the flowers of various rich colors being striped, blotched and marked with different shades and colors. The flowers, large, perfect form and lasting substance, are borne on sturdy stems about two feet in height. These Rembrandts are very effective planted in groups in the herbaceous or shrubbery border and will remain 3 or 4 years without replanting.

Choice Mixed Varieties. 85c per doz. $6.50 per 100

BYBLOEMEN TULIPS

The "Rose" Bybloemen tulips are those marked with crimson, rose, pink and scarlet on a white ground, and the "Violet" Bybloemen are those marked with blue, purple and violet also on a white ground.

They flower at the same time as the Darwin and Breeder varieties, and the culture is the same.

Rose Bybloemen Tulips, Choice Mixed Varieties, $1.00 per doz.; $7.50 per 100.
Violet Bybloemen Tulips, Choice Mixed Varieties, $1.00 per doz.; $7.50 per 100.

BIZARRE TULIPS

One of the oldest races of tulips grown extensively in Europe during the seventeenth century. It is this class that is credited as being responsible for the famous tulip craze in 1635. Bizarre tulips are all quietly striped and variegated; they belong to the May flowering group, and flower on tall stems.

Choice Mixed Varieties. Yellow ground colors, variegated with crimson, purple, lips. 85c per doz.; $6.50 per 100

We can supply individual bulbs of varieties described above at one-tenth of the dozen price.
HENDERSON'S SUPERIOR

Single Early Tulips

Named Varieties

The letters A, B, C, etc., following the varieties indicate their earliness of bloom, the A's flower together and are the earliest, B's follow before the A's are out of bloom. The height is indicated in inches to aid in arranging for beds. When bedded it is generally advisable to use only one variety to a bed for best effect. The bulbs are planted 5 to 6 inches apart—and the plants should be according to the soil, in heavy soils 5 inches to the base of the bulbs and in light soils an inch or so deeper. Instructions for forcing in pots for Winter blooming will be found in our leaflet “How to Grow Bulbs” sent free with every order.

**HENDERSON'S SPECIAL RAINBOW MIXTURE OF ABOVE**

This is a very superior mixture made up from Named Sorts with proper proportions of bright colors, extra fine bulbs.

Price: 60c per doz.; $4.50 per 100; $40.00 per 1000.

We can supply individual bulbs of any of the sorts described at one-tenth of the dozen price. Six bulbs of a variety sold at the dozen rate, 25 at the hundred rate.

**HENDERSON'S BULB CULTURE**

New and Enlarged Edition, Price, 75 cents
68 pages, size 7 1/2 x 9 1/4 Ins. 32 pages of Illustrations

**GIVEN FREE**

If asked for with orders for not less than $3.00 worth of Bulbs.
Named Varieties including some Beautiful Novelties

The letter A, B, C, etc., following the varieties indicate their earliness of bloom, the A's flower together and are the earliest; B's follow before the A's are out of bloom, etc. The height is indicated in inches to aid in arranging flower beds. When bedded it is generally advisable to use only one variety to a bed for best effect. The bulbs are planted 5 to 6 inches apart — and the depth should be according to the soil, in heavy soils 3 to 4 inches to the base of the bulbs and in light soils an inch or so deeper. Instructions for forcing in pots for winter blooming will be found in our leaflet "How to Grow Bulbs" sent free with every order.

Henderson’s Special—Rainbow Mixture of Double Early Tulips

Mixed by ourselves from named sorts, proper portions of bright colors, all blooming together and of uniform height; extra fine bulbs, much superior to the ordinary mixtures, which are too often made up of surplus varieties and seconds regardless of bedding effect. Price: 60¢ per doz.; $4.50 per 100; $40.00 per 1000. 250 sold at the 1000 rate.

We can supply individual bulbs of any of the sorts described at one-tenth of the dozen price.

Six Bulbs of a Variety Sold at the Dozen Rate 25 at the Hundred Rate.
HENDERSON’S EXHIBITION HYACINTHS

Single Bellied Varieties—“Top Roots”

PRICE, 25c EACH, $2.25 PER DOZEN, $16.00 per 100

Arentine Arendsen. A new early snow-white variety; large broad petalled bells and splendid erect spike.

Bismarck. A grand new variety producing a large spike well furnished with immense bells of charming light blue shaded with violet; very early.

City of Haarlem. The best and largest yellow; splendid well-filled tall spike; good bells of bright buttercup yellow.

Enchantress. Large pure “baby blue” bells compactly filling the tall handsome well-rounded spike.

General de Wet. A pink sport of Grand Maitre, usually throwing two or more strong well-filled spikes. Color, lively pink with a white throat.

Hofgaertner Kunert. Exquisite soft pink and blush; large bells and truss.

Ivanhoe. Clear purpleish yellow with a white throat, tall spike and large bells.

Jacques. This beautiful hyacinth is known in our trial grounds as “The Big Pink,” the spike being very large, tall and well-filled with very large bells of an exquisite shade of warm rose-pink.

Lady Derby. Unusually large thick waxy bells of the loveliest shade of rose-pink; spike ideal, strong, tall and well-filled.

Lord Balfour. Enormously large broad spike of waxy bells; coloring attractive and unique; claret-purple edged reddish mauve.

Menelik. The darkest of all hyacinths, being almost black; the best and most brilliant of its color; fine large truss.

Perle Brilliante. Splendid large spike of big waxy bells; color sparkling lavender with outside tints of ultramarine blue.

Queen of Whites. Large waxy bells of purest white; tall full truss perfect form.

Queen Wilhelmina. A very pleasing shade of vivid pink, large, sturdy, well-formed truss and fine bells; early.

Ruby. Brilliant ruby-red bells on a tall spike well filled, very distinct.

COLLECTION A. 1 EACH OF THE ABOVE 15 SINGLE BELLIED VARIETIES ............................................................... $2.75

Double Bellied Varieties—“Top Roots”

PRICE, 25c EACH, $2.25 PER DOZEN, $16.00 PER 100

Chestnut Blossom. Exquisite blush pink, shading to deeper rose-pink; bells very large and forming a large fine spike.

Delicate. Exquisite porcelain bells touched with light blue, bells very large and double spike fine.

Edison. Splendid large, double bells of rosy flesh color; fine tall spike.

Grandee. An extra fine variety, beautiful large double bells of pure white; grand spike.

General Kohler. Very large double bells of deep, bright blue, on a tall spike.

Princess Metternich. Very large double bells of rosy white, tall erect, well-filled spike.

President Roosevelt. A fine new variety producing large double bells on a big compactly filled spike, color lovely rose-pink.

Sir Rowland Hill. The best double yellow, really fine double bells of bright rich yellow, good full spike.

COLLECTION B. 1 EACH OF THE ABOVE 8 DOUBLED BELLIED VARIETIES ......................................................... $1.50

NAMED HYACINTHS—Double Dutch

All Select First Size Bulbs, not “Seconds” that may be sold at a lower price.

Double Hyacinths are not as popular as the single-belled varieties; for as a class the “doubles,” although their individual bells are large and beautiful, do not make as well-filled trusses. For this reason we confine our list of varieties to a few of the very best.

PRICE, 18c EACH, $1.75 PER DOZEN, $14.00 PER 100.

DOUBLE RED ROSE AND PINK

Groot Voors, large very double bells of blush pink with darker center; good spike.

Noble par Merite, deep pink, very large fine double bells, tall spike; good forcing.

DOUBLE WHITE AND TINTED

Isabella, white suffused with rosy blush, enormous double bells and large well-filled spike.

Bouquet Royal, an old favorite early variety and still hard to beat; double pure white bell on tall spike.

DOUBLE LAVENDER, BLUE AND PURPLE

Blockberg, light blue shaded darker blue; double bells on tall spike.

Garrick, lavender tinted blue; fine compact spike of double bells.

DOUBLE YELLOW AND ORANGE

Goethe, a popular old variety salmon yellow with pinkish center; double bells and good spike.

Sunflower. Splendid deep-buff-yellow.

Hyacinth Glasses

Hyacinths grown in glasses of water are charming ornaments for parlor windows, and the ease and success in flowering bulbs in this way add greatly to their popularity. Furnished in the following colors: green, blue, amber or crystal, 30c each; $3.00 per doz. (See illustration.) (Not available. Shipment by express at customer’s expense.)

Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate
HENDERSON’S “SPECIAL” HYACINTHS

For Bedding or Pot Culture without names — Cheaper than Named Varieties — Far Better than Mixed

They are the same size as the first size Named Hyacinth offered by us from which these are the second selection. They are of great value for bedding in designs, enabling one to obtain the exact color effect desired. In beds, borders, etc., set the bulbs 5 to 6 inches apart and 4 inches deep. (See Bulb Circular for Cultivation. Sent Free.)

Plant 1 bulb in a 3-in. pot, 3 bulbs in a 6- or 7-in. pot, 6 or 7 bulbs in an 8-in. pot or pan.

PRICE, 1½ EACH: $1.35 PER DOZ.; $10.00 PER HUNDRED

- Mixed Colors

DUTCH ROMAN HYACINTHS

The smaller or three-year-old bulbs of some varieties of Dutch Hyacinths produce, considering their size, beautiful spikes of bloom, not as large nor furnished with as many bells as older full-sized bulbs but still so satisfactory for their low price that they are extensively grown for winter flowers, forced either in “Rat” pans or pots. (See Bulb Circular for Cultivation. Sent Free.)

Crimson, Rose, Pink, White, Light Blue, Deep Blue, Mixed Colors

Price, 5¢ each; 50¢ per doz.; $6.00 per 100

EARLY ROMAN HYACINTHS

Roman Hyacinths are extensively used for “forcing” for cut flowers. The white Roman Hyacinth is the earliest, best and most floriferous variety, though the pink and light blue are very beautiful and supply a variation of color. (See Bulb Circular for Cultivation.)

Early White Roman, extra size bulbs, 1½ each; $1.35 per doz.; $10.00 per 100.
Early Pink Roman, first size bulbs, 1½ each; $1.35 per doz.; $10.00 per 100.
Early Light Blue Roman, first size bulbs, 1½ each; $1.35 per doz.; $10.00 per 100.

HENDERSON’S BULB CULTURE

GIVEN FREE If asked for with orders for not less than $3.00 worth of Bulbs.
American Grown Narcissus  
Daffodils and Jonquils

Among spring flowering bulbous plants the Narcissus family is one of the most important and of world-wide popularity. With the exception of the Polyanthus varieties (offered on page 11) all are hardy, grow, increase and flower year after year. As cut flowers Narcissus are especially useful.  

**NOTE:** The "perianth" is the surrounding row of petals or wings. The trumpet "crown" or "cup" is the center portion of the flower.

American Grown Narcissus, Daffodils and Jonquils, Cont'd

Upper Flower—AUTOCRAT  Lower Flower—SOUTHERN GEM

The Incomparable Daffodils

Narcissus Incomparabilis

The Incomparabilis Group are garden hybrids between yellow Trumpets and Poeticus. They are all perfectly hardy, thrive under garden culture or for flowering in the house in winter. The flowers are all large and are borne freely on long stems.

<table>
<thead>
<tr>
<th>Varieties</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Autochtan</td>
<td>Primrose yellow perianth, deeper yellow bowl-like crown; free flowering and vigorous; height, 20 inches.</td>
</tr>
<tr>
<td>Bernardino</td>
<td>Perianth cream colored, tie frilled and fluted cup stained deep apricot-orange at its edge. A good hardy grower which forms nice clumps in the garden in a short time. Earned several awards of merit; height, 20 inches.</td>
</tr>
<tr>
<td>Crocus</td>
<td>A wonderful introduction. The overlapping primrose perianth supporting a crown of orange-red is a sensation to behold and a treasure in the garden everyone should have. Height, 16 inches.</td>
</tr>
<tr>
<td>Lucifer</td>
<td>A large flowering showy variety with white perianth and cup of glowing red-orange; strong grower; height, 18 inches.</td>
</tr>
<tr>
<td>Will Scarlet</td>
<td>A cream colored perianth supporting a fine cup, exquisitely frilled, of wonderful orange-scarlet. Splendid because of the garden because it holds its color nicely and is persistently hardy. Height, 18 inches.</td>
</tr>
<tr>
<td>Sir Watkin</td>
<td>This is a popular variety, perfectly hardy. The flowers of Sir Watkin have a deep primrose yellow perianth, and a more deeply tinted yellow cup or trumpet. Height, 20 inches. (See engraving.)</td>
</tr>
</tbody>
</table>

The Crown Daffodils—Narcissus Barri

This group is the result of garden crosses between the Trumpet, Poeticus and Incomparabilis varieties. All are hardy, producing long-stemmed fragrant flowers that are prized for cutting. They thrive in gardens and for winter flowering in pots or pans.

<table>
<thead>
<tr>
<th>Varieties</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Albatross</td>
<td>A large handsome flower, perianth white, cup pale citron-yellow prettily frilled and edged orange-red; height, 18 inches.</td>
</tr>
<tr>
<td>Barri Conspicuous</td>
<td>It has a broad spreading yellow perianth; crown edged with orange-scarlet; a robust strong grower; height, 20 inches.</td>
</tr>
<tr>
<td>Bath's Flame</td>
<td>Yellow perianth, deep yellow cup with broad edge of orange-red. The petals are very long, and pointed, giving the flower a distinct and outstanding character; height, 18 inches.</td>
</tr>
<tr>
<td>Red Beacon</td>
<td>Ivory white perianth, brilliant orange-scarlet cup. First class exhibition variety. Height, 18 inches. (See last page of cover.)</td>
</tr>
<tr>
<td>Sea Gull</td>
<td>One of the largest and most beautiful daffodils in this class. The spreading perianth is pure white, and the cup is Canary color edged apricot; height, 18 inches.</td>
</tr>
</tbody>
</table>

The "Chalice Cup" Daffodils—Narcissus Leedsii's

The fragrant "Silver Winged" Leedsii's are hybrids between white Trumpet Daffodils and Poeticus. They comprise forms similar to both the Incomparable and Barri groups but the Leedsii's all have white perianth petals and white, cream or very pale citron crowns.

<table>
<thead>
<tr>
<th>Varieties</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Crystal Queen</td>
<td>Pure white perianth, pale primrose cup passing to white afterwards; height, 15 inches.</td>
</tr>
<tr>
<td>Mrs. Langtry</td>
<td>This is a free-flowering variety, each bulb usually producing several flowers; broad white perianth, and white cup opening pale primrose; height, 16 inches.</td>
</tr>
<tr>
<td>Southern Gem</td>
<td>Beautiful pure white petals, large lemon yellow crown, a splendid flower of rare symmetry, forces well; height, 16 inches. (See engraving.)</td>
</tr>
<tr>
<td>White Lady</td>
<td>A grand new giant flowering variety, concededly one of the best in commerce. The broad perianths are pure white surrounding a pale citron frilled cup which turns white; height, 15 inches.</td>
</tr>
</tbody>
</table>

"Poet's" or Pheasant's Narcissus

<table>
<thead>
<tr>
<th>Varieties</th>
<th>Description</th>
</tr>

The Hardy Cluster-Flowered Daffodils

**Narcissus Poetzaz**

These new hybrids between Poeticus and Poetzaz are hardy, healthy, strong growers. The fragrant Poeticus-like flowers are borne in clusters like the Polyanthus. They soon form large luxuriant clumps.

**Polyanthus Narcissus**

The **Polyanthus** varieties of Narcissus are deliciously sweet-scented, of the easiest culture, very free flowering and continue long in bloom; bearing from six to ten doreen flowers each. South of the freezing belt they are splendid for gardens and “naturalize” well. For growing in pots or pans of soil or in shallow dishes in pebbles and water, they are especially adapted and can be had in flower in the house from Christmas throughout the winter by bringing the pots of rooted bulbs in the frame or cellar every week or two.

**Henderson’s Selected Calla Lilies**

A well-known plant of easy culture for winter bloom. It makes a handsome house or window plant. To aid profuse blooming keep dormant from the middle of June until the last of September; pot on receipt in good, rich soil, using 6- to 8-inch pots, give heat and heat in abundance. Both foliage and flowers are attractive in this desirable winter bloomer.

**Aethiopica or Lily of the Nile.** This old favorite White Calla Lily is too well known to require any description. We offer dry roots, as they are superior for forcing and winter-flowering purposes; they come into bloom quickly and require less room, making less foliage. Extra large bulbs, 36c each; $3.50 per doz.; $25.00 per 1000.

**Elliotiana.** Yellow Calla; large rich, deep golden flowers often 4 to 5 inches across at the mouth; habit of growth and foliage like the old favorite white Calla excepting the leaves of Elliotiana are spotted with white. Dry bulbs, 36c each; $3.50 per doz.; $25.00 per 1000. (Ready in November.)

**Lily of the Valley**

(Ready for Delivery in November)

**Henderson’s Extra Single Crown or “Pips.”** The finest grade of Crowns in the world for winter flowering. They will bear 12 to 16 large bells on strong stalks, with foliage, even when forced for extra early; the pips average large, plump and regular, with extra long roots. (See illustration.) 25 Crowns (1 bundle), $2.00; 100 Crowns, $7.00; $60.00 per 1000.

**Fortin’s Giant.** This is the largest variety yet produced; it is only adapted for open ground planting, and may not show much superiority the first spring after planting, but by the second season, or when it gets well established, it produces wonderfully luxuriant foliage and immense spikes of purest white bells. Crowns, $1.00 per doz.; $7.50 per 100.
HARDY LILIES

Lilies commence flowering in June and with the various species maintain continuous and unbroken succession in the shrubbery border. Most Lily Bulbs, being of mature age, are not ready before October, November and December (the best time to plant them). Where the ground is liable to freeze up before the late Lilies arrive it should be mulched with 8 or 8 inches of leaves or manure to keep it from freezing, so the bulbs may be planted on arrival.

Auratum. (The Golden Rain eyed Lily of Japan.) The flowers are pure white, thickly studded with crimson spots, while through the centre of each petal runs a clear golden band. Fully expanded, the flowers measure nearly a foot across and possess a most delicious fragrance. Season of bloom from July to October, 3 to 5 feet.

Extra size bulbs (9 to 11 inch bulbs) 30c each; $3.00 doz.; $22.50 per 100

Mammoth bulbs (11 to 13 inch bulbs) 40c each; $4.00 doz.; $30.00 per 100

Candidum, Henderson's Superior Northern Grown. This is the ever popular fragrant, snow-white, hardy garden Lily, which is also known as "Annunciation Lily," and "Madonna Lily." It grows 3 to 4 feet high, and blooms in the open ground in June.

Extra large bulbs 40c each; $4.00 doz.; $30.00 per 100

Canadense. Our native Canadian Lily, Bright yellow marked with copious spots of red; blooms in June and July. 20c each; $2.00 doz.; $15.00 per 100

Canadense Flavum. A pure yellow selection of the above. 20c each; $2.00 doz.; $15.00 per 100

Canadense Rubrum. Crimson with dark spots. 20c each; $2.00 doz.; $15.00 per 100

Elegans Mixed Varieties. A fine dwarf Japanese variety of easy culture. Colors shading from yellow to deep blood red. Flowers June-July. 20c each; $2.00 doz.; $15.00 per 100

Hansoni. (The True Japanese Yellow Mariang.) This is one of the best of the Mariang group, unsurpassed in vigor of growth and beauty by any other Lily. The flowers are large, of a bright yellow, tinged orange and spotted maroon, with thick wax-like petals. Very robust and free. Flowers in June, 8 to 10 feet high, carry 5 to 8 large flowers each, rich apricot-yellow, lightly spotted with brown. Flowers July-August. 35c each; $3.50 doz.

Regale ("A Royal Beauty"). The flowers are white, slightly suffused with pink, with a beautiful shade of canary yellow at the center, blending out part way up the trumpets. The fragrance is fascinating. A splendid hardy Lily for the garden, flowering in July. Well-grown bulbs often produce five to eight blooms. See illustration. 30c each; $3.00 doz.

Speciosum or Lancifolium. The varieties of L. Speciosum or Lancifolium are perhaps the most popular Lilies grown. They are easy of cultivation, and produce large flowers of delicate beauty on strong stems; height, from 2 to 4 feet; blooming in August. See illustration.

Speciosum Album. White. 9 to 11 inch bulbs 30c each; $3.00 doz.

Speciosum Rubrum (Rossum). White, shaded and spotted with rose and red. 9 to 11 inch bulbs. 30c each; $3.00 doz.

Speciosum Melpomone. Rich blood-crimson, heavily-spotted. 9 to 11 inch bulbs. 30c each; $3.00 doz.

Superbium. ( Turk's Cap Lily.) One of our native species. Grown in good rich soil, it will produce upwards of 20 beautiful orange, tipped red, spotted flowers in a pyramidal cluster. 3 to 5 feet high. Blooms in July. 25c each; $2.50 doz.; $18.00 per 100

Tigrimum Splendens. ( Improved Tiger Lily.) The grandest of the Tigers, black polished stem. Very large pyramids of flowers, orange red, spotted with black. 4 to 5 feet high. Blooms August. 20c each; $2.00 doz.; $15.00 per 100

Tigrimum Flora Plena. Double Purple. Double large orange-red flowers spotted with black. Blooms in August. 25c each; $2.50 doz.; $18.00 per 100

Umbellatum. Of strong, sturdy habit, growing from 2 to 3 feet high, having large showy flowers in clusters at the summit, flowering in June. The colors range through all shades of red from rose to blackish-crimson, yellow, buff, orange, etc., many being spotted. Mixed Colors. 20c each; $2.00 doz.; $15.00 per 100

LILIES FOR GROWING INDOORS

Bermuda Easter Lilium Longiflorum Formosum

The short time required to bring this peerless Lily into flower renders it invaluable. The flowers are delightfully fragrant pure wax-white, and if cut when partially open can be kept for two weeks. Bulbs posted in September can be had in flower in December, if desired.

A succession of bloom can be kept up throughout the winter by bringing in a few pots of bulbs from cold frames at intervals. Blooming plants in pots are suitable for Easter offerings and presents.

Bulbs Ready for Shipment—August to December. See Illustration.

Extra Size Bulbs. (7 to 9 inches in circumference). This is the most popular size to grow as pot plants for decoration and equally as valuable for cutting. Bulbs should produce from 8 to 12 flowers. 35c each; $3.50 doz.; $27.50 per 100.

Monstrous Size Bulbs. (9 to 11 inches in circumference). These are usually grown for specimens in pots for exhibition and decorations. Each bulb should produce from 12 to 18 flowers. 50c each; $5.00 per doz.; $37.50 per 100.

The Formosa Easter Lilium Longiflorum Formosum

This is an improved type of the well known L. longiflorum also known as the "Easter or St. Joseph's Lily." The plants are of healthy strong growth—about 3 feet high and produce beautiful snow white trumpet shaped flowers, 6 to 8 inches long. This Lily is largely grown by florists who "force" them as pot plants and for cut flowers. It is not quite as early as Lilium Harrisii for Shipment. September to December.

Extra Size Bulbs. 9 to 10 inches. 35c each; $3.50 doz.; $27.50 per 100.

Japan Easter Lilium Longiflorum Giganteum

This Japanese type is highly thought of for late winter and Easter forcing—though the bulbs of this variety are often carried over in cold storage to be brought into bloom at any desired time the succeeding year. The plant is of sturdy stocky growth—with black marked stems. The flowers of purest white are the largest of the longiflorums. For Shipment, October to December.

Extra Size Bulbs. 9 to 10 inches. 35c each; $3.50 doz.; $27.50 per 100.

Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate.
German Iris or Fleur-de-Lis
Irises Germanica and Allied Species

The recent introduction of German Iris offered below are well termed "Garden Orchids" and they outshine the orchids in wide range of coloring—including yellows; blues from soft lavender to intense purples, reds from pinkish mauve to claret, beautiful bronzes and pure whites. Some are marked and margined with other colors in exquisite harmony, many of the varieties being delightfully fragrant.

The roots are ready for shipment from September 15th to November 15th.

Spanish Iris or Iris Hispanica

Belle Chinoise. Deep yellow.
King of the Blues. (Count of Nassau.) Fine deep purplish blue.
King of the Whites. Pure white with small orange blotch on the falls, fine.
King of the Yellows. Very fine golden yellow.
Louise. Delicate light blue, early flowering.
Prince Henry. Large purple bloom, one of the best of this color.

Price of any of above, 8c each; 80c per dozen; $6.00 per 100.

Dutch Iris or Iris Hollandia

This variety is generally regarded as a giant strain of early Spanish Iris. The leaves are larger and the flowers appear a week or two earlier than the Spanish Iris.

Emperor. Larger flowering dark blue.
Van Houtscnurt. White standards, yellow falls.
Th. Wijck. Delightful bright blue.
White Excelsior. Uniform white.
Yellow Queen. Uniform pure yellow, excellent novelty.

Price of any of the above, 10c each; $1.00 per dozen; $7.50 per 100.

Early Flowering Wedgewood. Beautiful large flowers on tall stalks. Color, wedgewood blue one of the best for forcing. Price: 20c each; $2.00 per dozen; $15.00 per 100.

Amaryllis Giant Hybrid "International Prize" Strain

The coloring and marking are exquisite; the bulbs are large, and are of sufficient strength and age to produce flowers during winter or spring. They are the most gorgeous bulbous plants known. They throw up spikes from 2 to 3 feet high, bearing enormous wide petalled flowers averaging 8 to 10 inches across and of great substance, some being of rich and glowing colors, others delicately shaded and superbly veined. (See illustration.)

Mixed Varieties. 75c each; $7.50 per doz.

Anemone Giant St. Brigid

An improved Irish variety bearing magnificent flowers, double, semi-double and single, 3 to 5 inches across, of the richest as well as the daintiest colors. There is maroon, scarlet, crimson, pink, blue, purple, cream, white, etc., in endless varieties. The flowers are borne freely on long stems and are charming. Grow in cold frames in northern states. Mixed colors, 75c per doz.; $6.00 per 100.

Chionodoxa

**GLORY OF THE SNOW**

They produce flower spikes bearing 10 to 15 lovely Scilla-like flowers. They are perfectly hardy, and may be planted as an edging to a lawn, or naturalized on the lawn. They are admirable for pot culture winter blooming in the house.

Chionodoxa Luciliae. Bright blue with large clear white center (large cultivated bulbs). 30c per doz.; $2.25 per 100; $20.00 per 1000.

Chionodoxa Sardensis. Intense deep blue (large cultivated bulbs). 30c per doz.; $2.25 per 100; $70.00 per 1000.

Chionodoxa Gigantea. Unusually large flowers of lovely lilac-blue, with conspicuous white center (large cultivated bulbs). 60c per doz.; $4.50 per 100; $40.00 per 1000.

Crocus Spring Flowering Including New Hybrid Varieties

As edgings to beds—and bordering walks—or as undergrowth along tulips, hyacinths, daffodils, etc., they are very effective as the flowers are over when the other bulbs begin blooming.

Crocus are also easily flowered in the house in winter, grown in pots and pans of soil. For instructions see leaflet "How to Grow Bulbs" sent with every order. (See Illustration.) Price of named varieties mentioned below 40c per doz.; $3.00 per 100; $27.50 per 1000.

**WHITE**

**King of Whites.** A grand new variety, producing long snow-white flowers.

**May**. Lovely round petalled white flowers of great size.

**Mont Blanc.** An old favorite, large pure white.

**BLUE AND PURPLE**

**Baron von Bruno.** A large deep purple.

**David Rizzio.** Deep lavender shaded purple.

**Hero.** A new hybrid; dark glossy purple. Extra large and fine.

**Maximilian.** Beautiful sky-blue flowers, distinct.

**STRIPED**

**Albion.** A fine lavender striped white and violet.

**Cloth of Silver.** White feathered and striped with lilac and purple.

**Fantasy.** A new hybrid; immense flowers of light gray striped dark blue.

**YELLOW**

**Cloth of Gold.** The earliest of all, very prolific yellow veined golden brown.

**Yellow Mammoth.** The largest flowering sort of this color.

**MIXED GIANT FLOWERING CROCUS**

All colors and shades including many new hybrid seedlings so far outclassing the ordinary grade mixtures that we have discarded the latter. 30c per doz.; $3.50 per 100; $27.50 per 1000.

Freesias Henderson's Superior

Freesias are popular for pot culture, flowering in the winter and spring in the conservatory, or window garden.

**Culture**

Plant in deep pots, for the new roots which form below the others go deep, plant ten bulbs in a five-inch pot. After being potted do not store, but place in an indirect light in the dwelling or under the bench in the conservatory until growth shows above the soil. Never force, but grow in a fairly cool temperature. Flowers appear in 5 or 6 months after planting.

**Apotheosis.** (Novelty 1932.) Beautiful pink tinted lavender, long stems.

Price: 75c per doz.; $5.00 per 100.

**Elder's Giant White.** The finest white variety, beautiful pure white flowers double the size of Purity. Price: $1.00 per doz.; $7.50 per 100.

**General Pershing.** A beautiful shade of pinkish lavender with yellow lip tinted bronze.

Price: 75c per doz.; $5.00 per 100.

**Golden Daffodil.** A great improvement over any other yellow sort; the color is rich daffodil yellow. The large flowers are borne on long rigid stems. Price: 75c per doz.; $5.00 per 100.

**Mrs. Marc Peters.** Rosy salmon with orange blotch on lower petals.

Price: $1.00 per doz.; $7.50 per 100.

**Olivet.** Beautiful carmine red with yellow throat, yellow blotch on lower petals, very free bloomer.

Price: 75c per doz.; $5.00 per 100.

**Purity.** Produces large sprays of snow-white flowers deliciously fragrant; free blooming and of great value for forcing for cut flowers. Price: Mammoth Bulbs, 60c per doz.; $4.00 per 100.

**Mixed Hybrids.** 50c per doz.; $4.00 per 100.

Fritillaria Meleagris

Dwarf spring-flowering plants bearing large pendant bell-shaped flowers of various colors, yellow, white, black, purple, striped and splashed and checkered in the most curious way. They are fine for pot culture and look well when grown in large groups in the garden border or wild garden. (See illustration on page 16.)

**Mixed Varieties.** 60c per doz.; $4.00 per 100.

Six Bulbs of a Variety Sold at the Dozen Rate, 25 at the Hundred Rate
**Grape Hyacinths**

When naturalized in little colonies where they can remain undisturbed for several years, the effect is very striking—while grown as edgings to other beds they are charming. They are also adapted for winter flowering in the house. (See illustration.)

Blue Grape Hyacinths. 35c per doz.; $2.25 per 100; $20.00 per 1000.

White Grape Hyacinths. 50c per doz.; $3.50 per 100; $30.00 per 1000.

“Heavenly Blue” Grape Hyacinths. A new type with larger flowers of richest gentian blue and delightfully fragrant; desirable for cutting and of splendid effect massed in the garden or border. 45c per doz.; $3.00 per 100; $27.50 per 1000.

**Leucojum (Spring Snowflake)**

Vernum. This is one of the earliest and most attractive spring flowers. Growing from 6 to 8 inches high they bear dainty nodding flowers of white, tipped with green. Plant in the same manner as Crocuses. 80c per doz.; $6.00 per 100.

**Leucocoryne—Glory-of-the-Sun**

Ixioides Odorata. Flowers light blue on tall, wiry stems and of long-lasting quality, faint fragrance; for greenhouse culture only. Grown in the same manner as Freesias. 25c each, $2.50 per dozen.

**Ornithogalum—Arabicum (Star of Bethlehem)**

Makes a large umbel of small white flowers with black base produced on a tall spike. Hardy in the extreme south but must be grown indoors in the north. 80c per doz.; $6.00 per 100.

**Oxalis**

Charming little half-trailing or bushy plants particularly adapted for pot culture and hanging baskets, the foliage alone is very attractive and when in flower they are exceedingly pretty.

Bermuda Buttercup. This is one of the finest winter-flowering plants for pot culture. It is a strong, luxuriant grower, and the great profusion of bloom produced in uninterrupted abundance for weeks is astonishing. The flowers are of the purest bright buttercup yellow. 40c per doz.; $3.00 per 100.

**Grand Duchess.** A California variety of great beauty; of dwarf sturdy growth throwing large exquisitely flowers well above the foliage. Extremely free-flowering from November till June. Price for either, White, Pink or Lavender, 40c per doz.; $3.00 per 100.

**Ranunculus**

These are unrivaled for attractive colors, ranging through shades of crimson, white, yellow, purple, black. Many beautifully marked with other shades. They flower profusely in pots in the house during the winter or if grown in frames in the spring.

Double Giant French Mixed. 60c per doz.; $4.50 per 100.

**Teceole.** A new hybrid variety of this popular flower having blooms twice the size of the ordinary sorts. The colors range from crimson to rose and beautiful shades of yellow to pure white, height 15 to 18 inches. (See illustration.) Price, per doz., 75c; per 100, $5.00.

**Scilla (Blue Bells)**

Most beautiful hardy spring bulbs, producing in profusion masses of exquisite rich blue flowers almost before the snow has disappeared. If grown in masses, their flowers fairly carpet the ground. Grown in pots, they may be had in bloom from Christmas until April.

Nutans (English Bluebell.) Light blue, 50c per doz.; $3.50 per 100; $30.00 per 1000.

Siberica (Blue). 50c per doz.; $3.50 per 100; $30.00 per 1000.

Siberica Alba. The white flowering variety, very beautiful. (See illustration.) 50c per doz.; $3.50 per 100; $30.00 per 1000.

Campanulata. (Wood Hyacinth or Bluebell.) Flowers borne on tall spikes. 1 to 2 feet high. Each flower measures nearly one inch across and droops gracefully; perfectly hardy; also fine for pot culture. We offer the following colors:

Major Blue. 50c per doz.; $3.50 per 100. Rose. 50c per doz.; $3.50 per 100. White. 50c per doz.; $3.50 per 100.

**Snowdrops**

In the early spring months there is nothing more beautiful than a sheet of the snowy, graceful blossoms of the Snowdrop. Beds and effects of surpassing beauty may be arranged with Snowdrops in the centre edged with bright blue Scilla Siberica, or Chionodoxas, or by intermingling them. Used as a permanent edging, and in masses on the edges of lawns, nesting in the grass, they look charming. Snowdrops are easily flowered in pots during the winter.

Single Snowdrops. 30c per doz.; $3.50 per 100; $30.00 per 1000.

Double Snowdrops. 60c per doz.; $4.50 per 100; $40.00 per 1000.

Elwes’ Giant Snowdrop. One of the finest of the genus, at least three times the size of the ordinary single Snowdrop; flowers slightly marked with green spots, fine for cutting. 50c per doz.; $3.50 per 100; $30.00 per 1000.

**Winter Aconite**

(Eranthis Hyemalis)

Early in spring the golden blossoms of the Winter Aconite appear resting on an emerald green cushion of leaves. The foliage remains long after the flowers, making the plant especially valuable in moist situations such as under trees where the Winter Aconite thrives. 3 to 8 inches high. 35c per doz.; $2.75 per 100; $25.00 per 1000.
Henderson's Selection of
BULBS FOR ROCK-GARDENS

Bulbs of certain varieties are indispensable for the rock-garden, if there is to be any effective display of flowers in early spring.

The best way to plant them is in the various pockets of soil to be found in abundance all over a rock-garden.

Bulbs grow very freely and increase greatly from year to year until they finally become large clumps; which can then be divided and used for other purposes about the garden.

We illustrate on this page ten of the varieties most used, and also offer others in the list below, and we wish particularly to draw attention to the miniature Narcissi illustrated on this page; as they are now much in demand for planting in rock-gardens.

Chionodoxa Lucillae—Glory of the Snow. They produce flower spike bearing 10 to 15 lovely Scilla-like flowers. They are perfectly hardy, and may be planted in the rock-garden, or naturalized on the lawn.

Bright blue with large clear white center. 30c doz.; $2.25 per 100; $20.00 per 1000.

Crocus—Mixed Giant Flowering. All colors and shades including many new hybrid seedlings so far outclassing the ordinary grade mixtures that we have discarded the latter (see also page 14) 30c per doz.; $2.50 per 1000.

Fritillaria Meleagris. Dwarf plant, bearing large bell-shaped flowers of various colors—yellow, white, black, purple, splashed and checkered in the most curious way. They are fine when grown in groups in the rock-garden.

Mixed Varieties. 60c per doz.; $4.00 per 100.

Grape Hyacinths "Heavenly Blue." A new type with larger flowers of richest gentian blue and delightfully fragrant; desirable for cutting and of splendid effect massed in the garden or border. (See illustration on page 15) 40c per doz.; $3.00 per 100; $27.50 per 1000.

Snowdrop—Elwes Giant. At least three times the size of the ordinary single Snowdrop; flowers slightly marked with green spots; used in masses, they look charming. 80c per doz.; $5.50 per 100; $30.00 per 1000.

SeUla Campanulata. (Wood Hyacinth or Bluebell.) Flowers borne on tall spikes, 1 to 2 feet high. Each flower measures nearly one inch across, perfectly hardy. We offer the following colors: Major Blue, Rose or White. 50c per doz.; $3.50 per 100; $30.00 per 1000.

NARCISSUS FOR ROCK-GARDENS

Cyclamineus. One of the earliest and best for a rock-garden. Slender trumpet of pure yellow. Height, 5 inches. 35c each; $3.50 per doz.; $25.00 per 100.

Triandrus Albus or "Angel’s Tears." Grows best in gritty soil between rocks. Creamy white. Height, 6 inches. 25c each; $2.50 per doz.; $18.00 per 100.

W. P. Milner. A miniature sort, white trumpet and perianth, once established it blooms for years. Height, 10 inches. 30c each; $3.00 per doz.; $22.50 per 100.

TULIPS FOR ROCK-GARDENS

Clusiana. (The Little Lady Tulip.) A beautiful dwarf variety suitable for rockeries. Should be planted two inches apart each way.

Color, white with cherry stripes. Height, 8 inches. 85c per doz.; $6.50 per 100.

Eichleri. A grand variety from Turkestan, producing immense flowers of crimson scarlet with black center marked with gold. Height, 11 inches. $1.00 per doz.; $7.50 per 100.

Kaufmanniana. (Water Lily Tulip) A fine sort from Central Asia. Large, broad, reflexed petals; creamy white with carmine-red on the reverse, center golden yellow. Height, 6 inches. $1.35 per doz.; $10.00 per 100.
Henderson's Modern Herbaceous Peonies
For 1935

The roots to be shipped at customers' convenience between September
and November.

Customers will be billed for the goods ordered after shipment. Those who have no
customer will receive an invoice so that retribution can be
made before shipment.

We Pay Transportation Charges East of the Mississippi.

Our Method of Selling Henderson's Herbaceous Peonies.—It is the rule among most
sellers of Peonies to send out divided roots, that is, older plants cut into several
2 to 3 crowned roots. These, of course, can be sold at fancy price, but all Peony purchasers should know
that normal flowers of maximum size will not be produced on these divided roots for two or
three years. As most of our customers prefer to pay a little more and get older, roots, therefore
we are offering roots of 2 and 3 years growth. These, according to age, will give a quantity of
blooms the succeeding summer, if planted
between September 15th and November 1st.

white, yellow background... 1.25 2.00

Peonies to Color (Without Names)

Double White, Double Red, Double Pink

We offer these in strong divided roots at 30c each; $3.00 per doz.

We hold an annual exhibition of Peony Flowers beginning early in June. At that
time we publish "Henderson's Peony Guide" with cultural instructions which we
will forward free to all applicants.

PETER HENDERSON & CO., NEW YORK
Henderson's Perennial Flower Seeds for Summer Sowing

Henderson gardening is becoming more popular every year. To meet this increasing demand for seeds of perennial plants we append a list of the leading sorts, which if sown this summer will produce plants that will flower next season. Biennials grow from seed one year, bloom and die the next. Perennials last for a number of years, blooming annually from seed after the first season. Cultural directions are printed on each packet of seed.

1017 ACHILLEA, The Pearl. Large double white flowers in clusters; 10 to 15 inches. Per 1,000 seeds, 75c. .................. $0.15
1045 AGROSTEM, Campanula. Mixed colors. ..................................... 10
1057 ALYSSUM, Saxatile Compacta. Clusters of deep pure yellow flowers. Per oz. 35c. .................................................. 10

1093 ANTHEMIS Kelwayi. Yellow daisy-like flowers. .................................. 10
1129 AQUILEGIA (Columbine). Very effective. Height, 1½ to 3 feet. ................. 10
1150 Henderson's American Hybrid Columbine. Immense long-spurred single flowers; colors superb. Per 1,000 seeds; $1.00 ...... 25
1170 Single, Large-Flowering, Mixed. Per 1,000 seeds, 35c. ..................... 10
1170 Double-Flowering, Long Spurred Hybrids. Beautiful long-spurred flowers. Per 1,000 seeds, 75c. ......................... 25
1153 CRYSANtha. The beautiful, hardy plant for rockeries; pure white flowers. Height, 6 inches. ........................................... 10
1153 ARISTOLOCHIA Siphocampylus. Dutchman's Pipe Vine. Hardy climber; has large leaves, making dense shade; 30 feet. .......... 10
1153 ASTRANTIA, Mixed Colors. Fine for indoor culture and rock-garden use. Height, 3 to 5 feet. .............................................. 35

1632 Blue .................................. .15 1634 White ........................................ .15
1610 PYRAMIDALIS, Mixed Colors. "Chimney Bell Flower," a Hardy biennial—Blue and white; height 8 to 9 feet. ...................... 15
1650 PYRAMIDALIS compacta. Mixed Colors. Compact in growth—height only 2 to 3 feet. ................................................... 15
1714 CANDYTUFT, Hardy. Borders or beds. ........................................ 10
1209 SEMPERVIRENS. Covered with white flowers in spring; 1 foot. Per 1,000 seeds, 60c. ................................................... 15

1622 Blue .................................. .10 1628 Striped ..................................... .10
1624 Rose ................................... 10 1628 White ........................................ 10
1630 Mixed. Per 1,000 seeds, 50c. .......................................................... 10

1670 Canterbury Bells. Single Mixed. ............................................. $0.10
1660 Double Mixed .................................................. 10
1760 Hardy Garden, Double Mixed. Sown this summer will bloom next summer. Per 500 seeds, 75c. .......................... 15
1828 CERASTIUM Tomentosum. (Snow-in-Summer). Covered with foliage and profusion white flowers. Pretty as an edging. ........ 15
1860 Chrysanthemum Alphonse. (Silverbloom Wallflower). Bright orange flowers. ............................................ 15

CHRYSANTHEMUM Single Hardy. The large flowering single white hardy Daisy—Chrysanthemum Leucanthemum. .......................... 15

1896 Shasta Daisy. White flowers 4 inches across. Plants, 2 to 2½ feet high. .......................................................... 15

1957 PANICULATUM. Covered with pure white fragrant flowers. 12 feet .......................................................... 10
1992 El Dorado. Brilliant golden yellow. Per 500 seeds, 50c. ............ 10
1994 Harvest Moon. Plants 2 to 3 feet high; rich yellow flowers. ............. 10
2030 COWSLIP. Fragrant flowers, yellow, brown, edged yellow, etc. Height, 6 inches. Per 1,000 seeds, 75c. ......................... 15

DELPHINIUM New Double Flowering, or Hardy Larkspur. The plants are of striking beauty and are becoming more popular every year and are indispensable in the hardy perennial border for blooming during the early summer months. The following named varieties are very desirable.

2201 Admiral Cardigan. Brilliant blue marbled rose .................................. 25
2202 AMOS PERRY. Rose mauve flushed sky blue ................................ 25
2203 Blue Mist. Pale blue and lavender, white eye .................................. 25
2204 Capt. Laighton. Rich plum color edged violet ................................ 25
2205 Coronation. Rich purple and deep blue .......................................... 25
2206 Summer Sky. Light sky blue with white eye ...................................... 25
2202 COLLECTION OF ABOVE SIX NAMED VARIETIES. .......................... 1.00

2200 Giant Single and Double Superb Hybrids. Semi-double and double. Colors range from white and lavender through every shade of blue to indigo and purple, 6 to 10 feet in height. Mixed colors. Per 1,000 seeds, $1.00 ............. 25

2012 WREXHAM HYBRIDS. These varieties represent the greatest advance made on the evolution of the Delphinium. Their graceful spire-shaped spikes of enormous size and great beauty of form has almost made them the most popular flowers, either for cutting or for garden display. The mixture we offer contains all colors usual in the Delphinium. Both double and single flowered varieties are included in this mixture, which is greatly esteemed by professional Delphinium growers. Per 1,000 seeds, $1.00 .................................................. 25

2204 Blue Butterfly. Beautiful blue variety of compact growth, blooms the first year if sown early. Height, 18 inches. ...................... 15
2205 Formosum. Deep blue, white center; 2 to 3 feet. Per 1,000 seeds, 75c. .................................................. 15

DIANTHUS, Hardy Grass Pink. .......................... 10

2145 Dwarf Large Double Flowering Grass or Spire Pinks. Plants 1 foot high. The flowers are double, beautifully fringed and emit a clove-like perfume. Mixed colors. Per 1,000 seeds, 75c. .......................... 15

2150 Pulsatilla, double mixed. The favorite Phaeant's Eye or Grass Pinks. Per 1,000 seeds, 30c. .................................................. 10

Our Free Booklet, "A Hardy Perennial Flower Garden from Seeds Sown the Previous Summer" Sent Free with Every Order of Seeds if Requested.

MYOSOTIS Palustris. The popular old-fashioned blue Forget-me-not. Per 1,000 seeds, 50c...

PENSTEMON
2358 Excelsior. A new variety, colors from white to deep scarlet.
2359 Sedna. 2 feet high. Colors vary from pink to scarlet and maroon, all large white throats.

Henderson's "Hardy-Border" Collection of Hardy Perennials $1.25 Postpaid

There is a lasting quality about perennials because they renew their beauty every spring, and if a good selection is made, they will keep a garden a-bloom all the season. A number of annuals should also be grown in bare places until the perennials attain full growth and begin to flower.

This collection consists of 17 of the most popular and easily grown sorts which will bloom the year following the sowing of seed. A few, including Coreopsis, Gailardia, etc., often flower the same year, if the seed is sown early in spring. Perennial flower seed can be sown from early spring to about August 1st in the latitude of New York.

Pot-Grown Plants of the "Hardy-Border" Collection
Special Offer—We will send 1 plant each of the 17 varieties for $4.00 (3 plants each of 17 varieties for $19.00; 6 plants each of 17 varieties for $19.50. (See page 18 of our plant catalogue.)
SELECTED PANSY SEED
For Summer and Autumn Sowings

Growing Pansies from Summer and Autumn-Sown Seed. Now the seed in July or early part of August in the open ground on a finely prepared seedbed sheltered from hot sun, or protect with a light covering of hay or straw, or even by turf, to keep the ground moist until the seedlings are up. Treat the seedbeds to 3 or 4 inches apart, in about 6 weeks the young plants can be removed to their permanent flowering quarters, where they must be again collied to a hutch a depth of about 3 inches after they are set in. Another way to winter over autumn-sown seedlings is to transplant them 3 or 4 inches apart according to their size into coldframes, and transplant to flowering quarters as early in the spring as possible.

The Pansy is hardy with slight protection, and thrives best when grown cool.

MAMMOTH BUTTERFLY!
This “Butterfly” race originated from selections made by the late Peter Henderson—who was particularly fond of Pansies—from the best American, English, Scottish, French, and German varieties. This process of selection has been followed year after year, and from the legion of “most beautiful” Pansies among Henderson’s Butterflies we have chosen this offering.

BUGNUT’S LARGE STAINED FRENCH
These Pansies are distinguished by their varied colors and strong markings. There is a large “blotch” on each of the five petals, with a band of some strikingly contrasting color, over all of which is thrown a cobweb like netting of yet another hue.

3110 Mixed Colors.

1000 Bedding. Finest Mixed, 25c; Pkt., 10c.

GIANT RUFELED
The broad petals seem to be “furred” to the stem, causing them to be dusted from side to side, not unlike “frilled” velvet. The unusual substance of the flowers, enables them to present bold, open and handsome faces, during windy or dry summer weather, when other Pansy flowers droop or wilt. The flowers are borne on strong stems well above the foliage and contain rich combinations of coloring not found in other Pansies.

These varieties were raised by a Pansy Specialist in Switzerland and have created a decided sensation in floricultural circles. The plants are very robust, and the enormous flowers of heavy texture are carried on long stems well above the leaves. We have pleasure in offering to our customers, the very distinct varieties described below.

3174 Mixed Colors. Per 1000 seeds, $1.00. Pkt., 25c.

3173 Cardinal Shades. This is a selection of many red and crimson shades.

3174 Lake of Thun. This is an exquisite color, a rich ultra-marine blue, having a darker blue blotch on the petals.

3175 Rhodogold. The most intense yellow Pansy evolved so far.

The three lower petals carry a brown blotch.

3173A. Silver Bride. Silver white with large blossoms.

3173B. Silver King. Silver white with large blossoms.

SUPERIOR GIANT TRIMARDEAU
Years of scientific hybridization and selection in raising Pansies have gradually evolved a superior race of robust growth.

3176 Aurora. Crimson purple shading to light wine, with a defined white margin.

3176S Bridesmaid. White shaded rose beautifully blotched.

3176C Canova. Spotless true velvet.

3176D Indigo-Bine. Blotted black.

3176E Nuinette. Larger flowered.

3176F Lord Beaconsfield. Lavender and heliotrope.

3176G Meteor. Rich reddish-brown or mahogany.

3176H Peacock. (Gloriosa.) Cornet, cream and blue.

3176I President Carnot. White with large violet blotches.

3176J Prince Charming. Rosy red, veined lilac.

3176K Purple. (Atropurpurea.) Very deep purple.

3176L Snow Queen. Spotless snow-white.

3176M Stephan. White, violet and chocolate.

3176N Victoria. Very distinct; clear oxblood.

3176O White Treasure. White with three violet blotches.

3176P Giant Yeux. Golden with mahogany eye.

3176Q Mixed Colors. Per Oz., $0.40.

Rockeries and Rock Gardens

7561 Collection of 15 varieties of perennial flower seeds, $2.50 Postpaid.

Preparations for a Rock Garden must be made ahead, if perennials are used, as they do not bloom the first year. Seeds should be planted outdoors on the rock garden in the places they are to grow, early in spring and up to July 15th. We recommend planting Tulips and other bulbs in Rock Gardens in the fall to provide a show in spring. See Page 16.

Alyssum Saxatile Compacta. "Basket of Gold." Hardy plant, large flowers—yellow, 6 inches high.

Arabis Alpina. A very useful, hardy plant for rockeries; pure white flowers.

Mixed. 75c; Pkt., 15c.

Aurelia Hybrids Mixed. A lovely mauve spring blooming plant; produces masses of bloom. Hardy and easily grown.

Campanula Persicifolia Blue. "Peach-leaved bell-flowers," large blossoms of blue-white, 2 to 3 feet high.

Candytuft Gibraltaria. Blooms early, hardy, large flowers red and rose-white, 12 to 18 inches high.

Cerastium Tominosum. "Snow in Summer." Of sprawling habit; white leaves and white flowers.

Cowslip. Spring flowering, hardy, bears fragrant flowers.

Delphinium Blue Butterfly. Beautiful blue variety of compact growth, blooms the first year if sown early. Height, 18 inches.

Geminus. A large double strain, bears brilliant crimson-scarlet flowers. Height, 2 feet.

Heuchera. Alum Root. Flowers are a beautiful red. Bloom all summer. Height, 2 feet.

Sedum Acre (Stone Crop). Beautiful yellow flowers.

Saxifraga Mixed Colors. Known as "Rockfoil," mossy leaves invaluable for rockeries, stone walls, etc., etc.
MOWERS, GARDEN HOSE, SPRINKLERS, Etc.

SPECIAL NOTICE—We prepay transportation charges where noted, by parcel post, express, or freight at our option within the first and second zones (100 miles of New York City). Purchasers beyond these zones pay transportation charges on all other items not so noted. We guarantee the safe delivery of all implements and requisites shipped by parcel post or express in the United States.

The Henderson “Featherweight” Lawn Mower

The Lightest and Easiest Running Mower in the World. Leaves the Lawn Like Velvet

The wheels are 10 inches in diameter; this permits the mower to roll over rough or uneven surfaces without lessening its cutting efficiency. Another feature that is exclusive in the Henderson “Featherweight” is that the knife is close to the outer point of the wheels. This permits close cutting around trees or other obstructions. The 6½-inch diameter of the reel enables it to cut call grass as well as to clip the closest turf. It has 4 crucible steel, oil-tempered blades. The lower blade is made of the highest grade cutlery steel, hardened, tempered and ground, so that the mower always remains sharp.

Price, 14-inch cut, weight 35 lbs. $13.50
Price, 16-inch cut, weight 36 lbs... $14.50
Price, 18-inch cut, weight 37 lbs... $15.50
Grass Catcher for any of the above, $2.50 each.
Delivered transportation paid. See Special Notice above.

DOUBLE ROTARY SPRINKLER

The Next Best Thing to Rain

The latest model Double Rotary Sprinkler embodies improvements which make it, more than ever, the ideal sprinkler whether for lawns, gardens, golf courses, ball parks, nurseries, orchards or public parks.

It is constructed of the best materials, machined for long wear; cast aluminum will not rust. The steel and bronze gears run in a bath of oil. The nozzle is adjustable for fine or course spray, and permits covering small or large area without reducing volume. Skid base permits moving while in operation. Cannot tip over on any pressure. All wearing parts enclosed. Very successful for overhead systems; covers diameter of fifteen to eighty feet, according to pressure.

Price, $12.50. Transportation paid.

Pennsylvania Super “Great American” Lawn Mower

A popular high quality Mower; 5-cylinder blades; self-sharpening; 10-inch high wheels; easy-running Mower. Ball bearing.

Grass Catcher

15 in... $17.00
17 in... 19.00 extra
19 in... 21.00 extra
21 in... 25.00 extra
Delivered transportation paid. See Special Notice above.

Universal Lawn Trimmer

For trimming grass close up to the fence or wall, thus reducing hand work with shears to a minimum. It will also be found handy for trimming up around trees, under bushes, etc. It cuts 6 inches in width.

Price, $8.50. Delivered transportation paid. See Special Notice above.

The Henderson “Allover” Sprinkler

Three patented sprinkler nozzles are attached to two sections of high quality rubber hose each fifteen feet long. This permits great flexibility allowing the outfit to be laid straight, in a circle or at any angle desired.

When laid straight—with average pressure—it will sprinkle thoroughly an area about fifty feet long and twenty feet wide. The nozzles break the water into a very fine mist which will penetrate into but not wash the soil. It is therefore safe to use even on a newly planted lawn. If it is necessary to irrigate a very small section of the garden only, two of the nozzles may be removed and only the end one used. This is the most practical and efficient sprinkler system that has ever been offered. Price complete, $5.50

Extra 15-foot section of hose with couplings, $1.50.
Extra Connecting Nozzles, 60c each.
Extra End Nozzles, $1.00 each.
Transportation paid.

Henderson’s “Best Para” Rubber Hose

This is the highest grade of garden hose, being made entirely from New Para Rubber and will outlast cheap hose three times over. We guarantee it to stand a 300-lb. water pressure, and will be as resilient in three or four years’ time as when new, while cheap hose of that age will be hard and rotten. Every length of Henderson "Best Para" Hose is fitted with the new water-tight couplings, without extra charge. (See illustration.)

Hose is furnished only in 25-feet and 50-feet length.

Prices, 5/4-inch bore Para, per 25-feet length, $4.75; per 50-feet length, $9.00.
Delivered transportation paid. See Special Notice above.

All Iron Hose Reel

The All Iron Hose Reels are indestructible, light in weight, frictionless and are easily manipulated. These reels cannot tip over when unreeling, and there is no weight of hose to carry on the handle.

Prices:
No. 10, 21-in., holds 100 feet 
1/2-inch hose .............. $4.25
No. 20, 24-in., holds 150 feet 
3/4-inch hose .......... 5.50
No. 30, 30-in., holds 300 feet 
1-inch hose ............ 8.75
Purchaser pays transportation.

Henderson’s Catalogue, Everything for the Garden, contains a very extensive assortment of garden and greenhouse implements and requisites. Sent free on request.
HENDERSON'S BANNER
Compressed Air Sprayer

None Better for the Medium Size Garden or Small Orchard

The tank is made of heavy solid copper or heavy galvanized steel, double seamed and well riveted, to stand heavy pressure. Tank has double bottom. For use in Spraying Orchards, Flower and Vegetable Gardens, Vineyards, Field Crops and Lawns; also for Spraying Whitewash, Water Paints, Disinfectants, etc. Very effective in removing wallpaper.

**Pump**—Heavy stainless steel with cast brass pump head. Pump screws into center of tank and a few strokes of the pump charge the tank with compressed air, and by releasing the lever control, spray pours forth in a fine broad mist, or long distance spray according to the adjustment of nozzle. Each pump is equipped with shoulder strap adjustment.

**Rose**—2 feet of 3/4-inch best grade, with coil spring to prevent breaking when not in use, and in addition a brass rod 2 feet long with angle tip to allow easy spraying underneath leaves. Nozzle—Automatic, non-dog.

Henderson's Banner Sprayer. Price...Per 100
- Copper tank capacity about 4 gallons, with Rubber Funnel Strainer. $8.25
- Henderson's Banner Sprayer, Galvanized tank capacity about 4 gallons, with Rubber Funnel Strainer. $6.25
- Henderson's Banner Sprayer Junior Galvanized Tank Capacity 2½ gallons $4.00

Compressed Air Atomizer and Sprayer

Delivers a continuous fog-like spray. Is fitted with straight and Under-Leaf nozzles, making a perfect under-leaf sprayer. In fact, spray can be delivered at any angle or position desired. Made in solid sheet copper, highly polished, holds 1 quart.
Price. $2.00. Transportation paid.

Improved Cortlandt Continuous Sprayer

Two brass nozzles, one for spraying straight ahead, the other for under-leaf spraying. Slow easy pumping maintains large, continuous unbroken spray. Easy for man or woman to operate. Sprays all insecticides on gardens, flowers, shrubbery, etc., disinfectants and fly spray. Large two-quart galvanized tank. This is a very handy and useful sprayer.
Price. $2.25. Transportation paid.

Henderson's Handy Sprayer

It is substantially built of heavy tin and can be used for spraying all sorts of insecticides. Tank will hold one quart. Price. 50c. Transportation paid.

Henderson's Improved Powder Duster

This Duster is simple in construction and easy to operate. It is made from the highest quality of material and guaranteed to be perfect in operation, workmanship and material.

To operate Duster, remove screw nozzle cap, fill reservoir with dry powder. Screw cap on tightly. Take slow, steady strokes, which will give the proper spray. Duster can be held at any angle while operating. Price $1.25. Transportation paid.

Plant Setter and Bulb Planter

Will be found very efficient for planting all kinds of small plants and bulbs. Junior Model.

Price. 50c. Transportation paid.

The Senior Model, used from a standing position, has an adjustable feature that accurately controls various planting depths. An excellent tool for planting bulbs, plants or seedlings. Price, $4.00 postpaid in 1st and 2nd Zones.

Garden Gloves, Easywear

All-Leather—Soft as Kid
Made from select imports of leather processed to render it extra soft and pliable as well as durable. Complete protection from dirt, bruises, scratches and stains.

Henderson's Improved Powder Duster

Ezzywear Gloves

Henderson's Brass Atomizer

Beele Traps

TYPE A—Small container with a standard thread on bottom will fit any Mason jar. No jar furnished. The three fins or wings are so placed as to more evenly diffuse the bait aroma. Price with bait, 50c.

Type B—Large Container, same style as Type A, no jar furnished. Price, $1.30 with Bait.

Extra Bait for TYPE A, 20c.

Extra Bait for TYPE B, 40c.

Transportation paid.

FOR DESTROYING CATERPILLAR NESTS IN TREES

Bamboo Extension Pole With Brass Connecting Sockets Caterpillar Lamp, Asbestos Torch

The Bamboo Extension Pole is made in 3 sections of 4 feet each and is securely connected with brass sockets, light and strong.

Beetle Traps

Price. $1.25. Transportation paid. It can be used with torch, lamp, or fruit picker.

The Asbestos Torch is a galvanized wire basket filled with asbestos, when dipped in kerosene and lighted, is ready for use in destroying caterpillar nests in trees.

Price. 60c. Transportation paid.

The Collins Caterpillar Sprayer is constructed with a pan to catch the worms. Price. $1.00. Transportation paid.

The Fruit Picker. Price, 50c; extension pole extra. Transportation paid.
INSECTICIDES—FUNGICIDES and VERMICIDES

NOTE—Items on this page offered transportation paid are prepaid by us within first and second zones (150 miles of New York City), mail, express or freight at our option. Beyond these zones purchaser pays transportation charges.

Insects that suck the juices from plants, foliage, etc., such as lice, green, black and white aphids or fly, mealy bug, red spider and scale, must be destroyed by contact insecticides. Those in powder form kill by the breathing pores in the insect’s skin; in liquid form, by being absorbed through their pores. The best contact insecticides in powder form are Hellebore, Slug Shot and Tobacco Dust. The best fluids are Aphine, Black-Leaf 40, Evergreen, Fish Oil Soap, Kerosene Miscible Oil, Red Arrow, etc. For San Jose, Oyster and Scurvy Scale, use Lime Sulphur, Scalecide, etc.

ANT KILLER. A very effective and much-needed product for use on lawns, sports turf, golf courses, etc.
Price, 4-oz. tin, 50c.; per doz., $5.50; estate size, 16 ozs., $17.50. Transportation paid; see note top of page.

ANTROL. A highly efficacious control agent for Argentine and native species of ants. Ready filled set consisting of 4 feeders, complete, 40c.
Regular set, 4 jars and 4 ozs. syrup, 75c.; 4 ozs. syrup, 35c.; 1 pt. syrup, 85c. Extra jar, 10c. Transportation paid; see note top of page.

APHINE. Very powerful. Applied as a spray, wash or dipping solution. It kills aphids, thrips, red spider, scale, mealy bugs, ants, mealy bug, and scale.
Price, 1 gill, 25c.; 1/2 pint, 40c.; 1 pint, 65c.; qt., $1.00; gal., $3.00. Transportation paid; see note top of page.

ARSENALE OF LEAD POWDER. For dusting, mixed with Hydrated Lime or road dust or in liquid form. To kill most chewing insects on plants, trees, shrubs, etc.
Price, 3/4 lb., 25c.; 1 lb., 40c.; 5 lbs., $1.50; 10 lbs., $2.75; 25 lbs., $5.00; 100 lbs., $15.00. Transportation paid; see note top of page. Larger quantities, price on application.

ARSENALE OF LEAD (Hecto Coated). Kills Japanese Beetles. One spray lasts all season. Owing to the superior adhesive qualities of the oleate, it has proved extremely effective against Japanese and Asiatic Beetles, as well as the Elm Leaf Beetle. It is not, however, recommended for fruits or vegetable crops, because it adheres so tenaciously. It gives lasting protection to ornamental trees and shrubs, one pound to 1/2 gallon of water.
Price, 1 lb., 60c.; 2 1/4 lbs., $1.25. Larger quantities, prices on application. Transportation paid; see note top of page.

BLACK-LEAF 40. One of the best-known and most widely-used products for the effective and economical control of sucking insects. For demolishing poultry, "paint" Black-Leaf 40 on top of roots.
Price, 1 oz., 35c.; 5 ozs., $1.00; 1 lb., $2.25; 2 lbs., $3.25; 5 lbs., $5.85; 10 lbs., $10.00. Transportation paid; see note top of page.

BORDO AND ARSENALE OF LEAD POWDER. A combined insecticide and fungicide, kills bugs and prevents many diseases, such as mildew, blight, rot and fungus. Can be used as a wet or dry spray.
Price, 1/2 lb., 30c.; 1 lb., 50c.; 5 lbs., $2.50; 10 lbs., $3.00; 25 lbs., $6.50. Transportation paid; see note top of page. Larger quantities, price on application.

BORDEAUX MIXTURE, POWDERED. For blight, mildew, rust, etc. It has all the advantages of paste, with double the strength. Goes twice as far. Used for dry dusting or spraying. Dilute 1 pound to about 6 gallons of water for 3-3-50 formula.
Price, 1/4 lb., 25c.; 1 lb., 40c.; 5 lbs., $1.50; 10 lbs., $2.75; 25 lbs., $5.50; 100 lbs., $16.00. Transportation paid; see note top of page. Larger quantities, price on application.

BOR-TOX. A scientific preparation of paste that kills boring insects when injected into their burrows. Effective in killing larvae of the common stalk borer working in the stems of flowers and plants. 2-oz. tube, price 75c. Transportation paid; see note top of page.

CUTWORM REMEDY. See "Snarl." DERIDUST. A 5% rotenone dust, non-poisonous, and more powerful than arsenate of lead in killing leaf-chewing and sucking insects. It controls cabbage worms, bean beetles, scarabaeus, cucumber, potato and leaf beetles, leaf hoppers, thrips, red spider, aphids and others. Will not injure tender foliage.
Into Deridust is incorporated a product to act as a shield against the action of sunlight, and a unique feature is also retained in the Deridust on the foliage, including waxy leaf surfaces. This guards against loss of the insecticide by wind or rain. Recommended by state departments of agriculture for safe, efficient insect control.
Price, 1 lb., 50c.; 5 lbs., $2.25; 10 lbs., $4.00; 25 lbs., $8.75; 50 lbs., $16.25; 100 lbs., $30.00. Transportation paid; see note top of page.

Insects that eat plants, foliage, vegetables, fruits, flowers, etc., whether bugs, beetles, worms, caterpillars or slugs, are more quickly and effectively destroyed with a poisonous stomachic insecticide, such as Arsenate of Lead or Hellebore. Less poisonous stomachic and contact insecticides are Deridust, Evergreen, Kerosene Miscible Oil, Red Arrow, etc. For ground insects, cut worms, grubs, etc., use Snarl or Vermine. For blights, rust, black spot and fungus diseases, use Bordeaux Mixture, Fungine, Fungotrogen, Pyrox, etc.
DIRECTIONS for using any of the following will be found on each package.

EVERGREEN (NON-POISONOUS). New Improved with Spreader. Will not injure or discolor the most tender plant; HARMLESS to man, birds and animals. Injures to sucking and chewing insects, such as aphids, thrips, roaches and bean beetles. One ounce makes up to six gallons of spray.
Price, 1 oz., 35c.; 6 ozs., $1.00; 16 ozs., $2.00; gal., $12.00; 5 gals., $50.00. Transportation paid; see note top of page.

FISH OIL SOAP (WHALE OIL SOAP). A wash for insects and eggs on the bark, and for smearing the trunks of trees to prevent worms from crawling in. For use as a dust or paint.
Price, 1 lb., 30c.; 5 lbs., $1.25; 10 lbs., $2.25; 25 lbs., $4.00; 100 lbs., $13.00. Transportation paid; see note top of page.

FUNGOTRAGON. Controls mildew, black spot and many fungus diseases of roses and other plants. A highly concentrated fungicide, invisible on the spray, and it is combined with a plant stimulant. To use, mix with water 60 times its volume.
Price, 1/2 pt., 75c.; 1 pt., $1.25; qt., $2.00; gal., $6.00. Transportation paid; see note top of page.

GRAPE AND ROSE DUST. For black spot on roses, powdery mildew on grapes and flowers, blight and leaf-eating insects.
Price, 1 lb., 40c.; 5 lb. pkt., $1.50. Transportation paid; see note top of page.

HELLEBORE, POWDERED WHITE. Less poisonous than Paris Green and Arsenate of Lead, and safer to use when fruits or vegetables are nearly ripe. Can be used as a powder or dissolved.
Price, 1/2 lb., 30c.; 1 lb., 50c.; 5 lbs., $2.25. Larger quantities, prices on application. Transportation paid; see note top of page.

IMPERIAL SOAP SPRAY. Does not spot fruit or foliage or deface paint work. Very effective against rose bug, white, black and green fly, red spider, thrips and scale on foliage.
Price, 1 pt., 60c.; 1 qt., $1.00; 1 gal., $3.00; 5 gals., $12.00. Transportation paid; see note top of page.

INSECT SPRAY, HOUSEHOLD. Non-poisonous; will not stain. Will exterminate the household fly, moth, mosquito, bedbug, ant, roach, and is a general insect spray. Do not spray on foliage.
Price, 8-oz. can, 50c.; 1-pint can, 70c.; 1-qt. can, $1.20; 1-gal. can, $3.00. Transportation paid; see note top of page.

KEROSINE MISCIBLE OIL. Better than Kerosene Emulsion. Is especially valuable against all soft-bodied insects.
Price, 1 pt., 50c.; 1 qt., 75c.; 1 gal., $2.00; 5 gals., $8.00. Transportation paid; see note top of page.

LIME SULPHUR SOLUTION. For scale insects on trees and such fungus bark diseases as can be treated in winter. Dilute and spray with a spray pump while trees are dormant; in fall, winter or spring.
Price, 1 lb., 50c.; gal., $1.25; 5 gals., $4.00; 30 gals., $11.00; 50 gals., $15.00. Transportation paid; see note top of page.

LIME SULPHUR (POISONED). For dormant spraying of fruit and shade trees and bushes against San Jose and Oyster Shell Scales; also for peach leaf curl and brown rot of peaches. 1 pound makes 3 1/2 to 5 gallons.
Price, 1 lb., 40c.; 5 lbs., $1.50; 25 lbs., $5.00; 100 lbs., $16.00. Larger quantities, prices on application. Transportation paid; see note top of page.

MAGNESIUM ARSENATE. Used for the elimination of bean beetles, caterpillars, etc. For wet spraying, 1 pound to 50 gallons water. Care should be taken that the underside of the leaves are thoroughly sprayed. For dry spraying, add 4 pounds Hydrated Lime to each 1 pound and dust four times during the growing season.
Price, 2 lbs., 80c. Transportation paid; see note top of page.

MO-LO (Poisoned Tablet). Exterminates moles and field mice.
Price, 25c per box of 12 tablets; $2.75 per doz. boxes. Transportation paid; see note top of page.

MOLOGEN. Eliminates moles from the lawn within 2 or 3 days; non-poisonous to humans or pets. Per 1/2-lb. can, 50c; 1 1/2-lb. can, $1.25. Transportation paid; see note top of page.

NOTE—Insecticides, Fungicides and Vermicides can now be mailed, in accordance with the revised Postal Laws and Regulations. See special notice top of page.
SUMMER

4.50 lb., $1.25. Forading and spraying.

Price, 1 lb., $2.25; 4 lbs., $5.75; 8 lbs., $10.00. Transportation paid; see note top of page.

Price, 2 ozs., 50c; 1 lb., $2.50; 5 lbs., $11.75; 25 lbs., $46.25; 100 lbs., $180.00. Transportation paid; see note top of page.

SULPHUR DUSTING. Used for checking mildew, blight, etc.

Price, 1 lb., 15c; 5 lbs., 50c; 10 lbs., 90c; 25 lbs., $2.75; 50 lbs., $4.50, 100 lbs., $8.00. Transportation paid; see note top of page.

SULFOCIDE. A powerful summer fungicide for fruits, vegetables and flowers. Very superior for the control of apple scab, brown rot of peaches and other serious diseases. 1 gallon makes 200 gallons of spray.

Price, qt., 85c; gal., $2.25; 5 gals., $7.30. Transportation paid; see note top of page.

TERMITES. This wood destroyer cannot be satisfactorily controlled by the homeowner; it requires the service of a specialist. We offer the service of the best known termite specialists in the United States.

Price, per 400 lbs., 10% off. See note top page.

THIRP JUICE (HAMMOND'S). Very effective against aphids, thrips, red spider, mealy bug, etc.

Price, pt., 65c; qt., $1.25; gal., $4.80. Transportation paid; see note top of page.

TREE WOUND PAINT is an insurance against decay, having penetrating, antiseptic and elastic waterproofing qualities.

Price, 6 oz., 30c; pt., 60c; qt., 75c; gal., $2.00; 5 gals., $8.00. Transportation paid; see note top of page.

TRIGEN. For controlling black-spot, mildew and blight. Especially recommended for roses, asters, snapdragons, carnations, hollyhocks, delphiniums, phlox, chrysanthemums, golden glow, dahlias and many other plants subject to disease and insects. A, Small Kit (makes 16 quarts), $1.50—Protects 12 to 20 roses for season. B, Medium Kit (makes 64 quarts), $4.00—Protects 50 to 80 roses (or season). C, Large Kit (makes 32 gallons), $6.00—Protects 100 to 160 roses for season. D, Estate Kit (makes 128 gallons), $20.00—Protects 400 to 600 roses for season. Transportation paid; see note top of page.

VERMIN. Kills underground insects. Use 1 part Vermine with 4 parts water; thoroughly saturating the ground.

Price, 5 oz., 30c; pt., 60c; qt., 75c; gal., $2.00; 5 gals., $8.00. Transportation paid; see note top of page.

VOVICK (Garden). A Volck-Nicotine combination spray for the garden. Controls red spider, mites, white flies, scales, mealy bugs, caterpillars, aphids, thrips, etc.

Price, 3 ozs. 35c; pt., 65c; qt., $1.00; gal., $3.00. Transportation paid; see note top of page.

VOLCK INSECTICIDE. A Nurses successfully controls scale, mealy bug, white fly, red spider and mites, aphids, caterpillars and most other insect pests. Prevents rose mildew.

Price, 5 oz., 35c; pt., 60c; qt., 75c; gal., $2.00; 5 gals., $6.00. Transportation paid; see note top of page.

WILSON'S O. K. PLANT SPRAY. For roses, chrysanthemums, evergreens, and all plants, and with scale or insects, under glass or outside.

Price, 6 ozs., 35c; pt., 65c; qt., $1.00; gal., $3.00; 5 gals., $12.00; 5 lb. bbl., $50.00; bbl., $90.00. Transportation paid; see note top of page.

ZELIO PASTE (Bayer's). Sure death to rats, mice, ground squirrels and prairie dogs. Drives rats and mice into the open to die.

Price, 2-oz. tube, 50c; 8-oz. can, $1.50. Transportation paid; see note top of page.

ZELIO POISON WHEAT (Bayer's). The most efficient poison for controlling field mice and small rodents.

Price, 1 oz., 35c. Transportation paid; see note top of page.

BONE MEAL—Henderson's Medium Fine

A Lasting Fertilizer—Excellent for Bulbs

As there is absolutely no danger of burning or causing rot in feisty bulbs including Tulips, Hyacinths, etc., a liberal application of Bone Meal mixed into the soil before planting them will be amply repaid for by the remarkable size and brilliancy of the flowers obtained. For Lawns it is a dependable fertilizer, as it contains the essential elements that grass requires. It may be broadcast as a top-dressing at any time either in early spring or during the growing season.

Quantity Required. For lawns, pasture and mowing lands 10 lbs. to 200 square feet of ground; 5 lbs. to 100 square feet of tree strips, 2 to 4 lbs. each. For field and garden crops, 1/2 to 1 ton broadcast and harrowed in. For rose beds, pot plants, etc., one part to about fifty of soil.

HENDERSON'S FLUID WEED DESTROYER

Kills Poison Ivy. Kills all vegetation it comes in contact with and prevents growth for a period of one year.

A sure killer of weeds, grass, etc., on tennis courts, paths and driveways. 5 gallons is sufficient for tennis courts. Easily applied with sprinkling pot or cart. Dilute with water according to directions and apply.

To kill poison ivy, make a solution of one part of Henderson's Fluid Weed Destroyer to fifteen parts of water. Take a crookbar or sharp, pointed stick and make a hole in the soil near the root of the ivy and pour a pint of the solution in the hole.

A quart makes 7 to 10 gals., sufficient for 200 sq. ft............$0.60
A gal can make 30 to 40 gals., sufficient for 800 sq. ft.........1.75
5-gal. keg makes 130 to 200 gals., sufficient for 4,000 sq. ft...6.50
$5-gal. bbl. makes 1,050 to 2,200 gals., sufficient for 44,000 sq. ft...$4.20
Prepaid 1st and 2nd zones, 150 miles New York City. See Note at top of page.
THE MOST BEAUTIFUL LAWNS IN AMERICA ARE MADE WITH THE HENDERSON LAWN GRASS SEED

The "Henderson" lawn grass seed mixture has been thoroughly tested by country-wide use for more than half a century. It is the fruit of years of experience and close study of American conditions and is undoubtedly the best for the American climate. By its use a deep green, velvety sward, free from clumps, can be produced in from 4 to 6 weeks' time. The "Henderson" LAWN GRASS SEED is a carefully arranged combination of fine-leaved, dwarf grasses which are at their best during different months of the year, thus keeping a lawn constantly covered with enduring green.
